Wisconsin Dells: surrounded by beauty & history

For more than a century, Wisconsin Dells has captivated visitors from across the country. While its original charm was largely due to its stunning geography – the sandstone cliffs and canyons known as the Dells of the Wisconsin River – the area’s natural beauty extends well beyond. Few destinations in the world are so geographically blessed.

As I stand on the deck of one of our new luxury treehouses on the shores of Lake Delton, it is incredible to know that this site was once home to the historic 1855 Dawn Manor. To both pave the way for new development and preserve the historic landmark, two local developers collaborated to carefully dismantle the estate brick by brick. Salvaged materials were then used to construct a new restaurant that mirrors its name and essence at a new site. It’s this cooperative spirit that results in the creation of unique and exciting experiences for our visitors. Our local entrepreneurs continue to dream big, all while honoring the rich history of our community.

The 2026 Wisconsin Dells Vacation Guide® showcases the area’s enduring appeal and continuing evolution, including the debut of a new medieval-themed resort and a fresh new elevated lakeside dining experience. It also includes an overview of the area’s waterparks, scenic attractions, nature-based activities, diverse dining options, thrilling attractions, shopping, spas, golf courses, and more. We also have fantastic itineraries for seasonal getaways, adult trips, and ideas for multi-generational vacations. There’s so much to do and see!

No matter the type of vacation you desire, you will be fascinated by the beauty and history that makes up Wisconsin Dells.

1 take a scenic tour

The nine-mile stretch of the Wisconsin River winding through the Wisconsin Dells area has some of the most breathtaking scenery of the entire waterway, which is the state's longest river at 432 miles. For a classic experience, take a traditional excursion by [Dells Boat Tours](#)[®]. Relax on an Upper Dells Boat Tour, cruising your way upriver to see the towering rock formations that first lured visitors here in the 1800s. Two shore landings reveal lush canyons and famous landmarks. Witches Gulch takes you along a walkway into a spectacular ravine. At Stand Rock, you'll see a dog make the famous leap over a five-ft. chasm – a classic photo-op you don't want to miss. Complete your river adventure by taking a Lower Dells Boat Tour for more scenic highlights.

The Lower Dells of the Wisconsin River is where you can have an amphibious adventure, with two different Duck tour options. Ducks are authentic WWII vehicles that can go from land to water and back to shore again. Celebrating 80 years and counting, [Original Wisconsin Ducks](#)[®] operates the largest fleet of tour Ducks in the country, and provides vacationers with a one-hour land and water adventure. [Dells Army Duck Tours](#) also takes passengers downriver to see beautiful and famous outcroppings like the Rocky Islands.

2 go with the flow

You can take command of your own vessel to go explore the river and area lakes. [Holiday Shores Watersports](#) has a variety of rentals, including pontoon boats, for a leisurely cruise on the Upper Dells of the Wisconsin River. Check out their Guided WaveRunner Tours that take you along the shoreline for an up-close look at the beautiful sandstone formations.

If you seek a more serene experience, there are several silent sport options for a relaxing day on the water. [Vertical Illusions Zipline](#), [Kayak & Rock Climbing Guided Adventures](#) specializes in kayak experiences where you'll glide next to the towering sandstone cliffs. Paddle your way along the scenic shoreline and maneuver into small caves and grottos that can't be reached on larger boats. Going slow is the name of the game at [Mirror Lake State Park: Boat & Kayak Rental](#). The lake is "slow-no wake" making it an enjoyable waterway for families to try kayaking, canoeing, or stand-up paddleboarding. ▶

3 get wet & wild

Rush along the water with the wind in your hair and prepare to get drenched on a jet boat. Both thrill ride and boat tour, [Wildthing Jet Boats](#) and [Jet Boat Adventures](#) take the adrenaline up a notch with splash-and-dash rides on the Wisconsin River. You might learn a few things about the cool scenery, but don't blink, or you'll miss it! The goal is to go fast, executing power-stops and spinouts, dousing passengers with a small tidal wave that sends a large surge of water crashing over the boat.

To make your need-for-speed a bit more personal, check out [Dells Watersports: Full Service Marina & Boat Rentals](#) on Lake Delton. They have WaveRunners to rent for a fun day zipping around the lake. You can also reserve a ski boat or pontoon and try some waterskiing or tubing. ▶

4 soak up the scenery

Take a stroll along the Wisconsin River and breathe in the beautiful vistas created by nature. The Scenic River Walk is a quarter-mile paved pathway in downtown Wisconsin Dells. Learn a bit about area history from story panels along the walkway, take time to sit and enjoy the view, or have some friendly competition on one of the game tables. Near the head of the trail is "Soul of the River," an open-air art gallery by photographer Joseph Leute. The large portraits celebrate and tell the stories of local individuals who have a deep history and dedication to the river.

Spend time on the open water and take in the scenery through guided hunting and fishing expeditions.

[Wisco Waterfowl](#) has packages for waterfowl hunting on the Wisconsin River. For a unique fishing experience, check out [Redbeard Bowfishing](#), where local guides navigate the Upper Dells in search of big fish while splashing in some river facts and lore. ■

meet our rock stars

See if you can spot these famous rock formations during your next tour or hike. Compressed from sandy sea beds into sandstone and later sculpted by glacial meltwaters, these iconic formations have been rockin' our area for millennia.

Chimney Rock

An amazing example of the Dells area's layered sandstone, this column was named for its resemblance to the stick-and-mortar chimneys used by early pioneers.

Black Hawk's Profile

Resembling a head in profile, this unique outcropping is named in honor of Native American warrior Black Hawk who, legends say, sought refuge in Wisconsin Dells during the Black Hawk War of 1832.

High Rock

This 65-ft.-tall formation makes up half of the "Jaws" of the Upper Dells, creating a dramatic passage along the river. Just below, the Wisconsin River reaches its deepest point at 110 ft.

Stand Rock

Made famous in 1887 by photographer H.H. Bennett, who snapped the first stop-action photo of his son leaping the five-ft. chasm. Today, a trained dog makes the jump during an Upper Dells Boat Tours shore landing.

Hawk's Bill

Shaped like a gigantic hawk jutting out from atop a soaring cliff on the Lower Dells of the Wisconsin River, this rocky ridge once served as a signal point for local Native Americans.

welcome to our wild wonderland

From the tame to the wild, the Wisconsin Dells area has an array of attractions featuring cute furry animals, regal creatures, and those that take flight. You can find up-close experiences with hands-on interactions or take in these beautiful beings from afar.

gentle furry friends

Cuteness abounds at attractions that provide hands-on encounters to pet and feed gentle animals. Check out the new [Casacampo Alpaca Ranch](#), a fully operational ranch retreat. You can stay overnight in the farmhouse or a bunkhouse lodging option, or book a guided tour to stroll the pasture with the friendly alpacas. They also have specialty offerings with your tour, like a wine tasting or a painting class staged in the pasture with the curious alpacas. ▶

📍 Brilliant Butterflies

For more farm fun, check out [Country Bumpkin Farm Market & Lil' Bumpkin Play Village](#).

They have alpacas, cute goats, and donkeys among the mix of animals you can pet and feed. Kids are sure to love the sprawling play area with yard games, pedal karts, sand pits, and multiple structures where they can swing, slide, jump, and climb. In late summer and fall, enjoy corn mazes and hay wagon rides around the 30-acre produce farm.

[Timber Falls Adventure Park](#) also has a petting zoo on site. Take in a game of mini-golf in the shaded park overlooking the river and stop by to pet and feed the cute farm animals.

[Wisconsin Deer Park](#) is a quaint, historic jewel in Wisconsin Dells where you can stroll the forested grounds and hand-feed the deer and other wildlife. It's a unique opportunity to stroll amongst the deer along scenic wooded trails, a calm and gentle experience for all ages.

horsing around

You can saddle up and become one with the animals on a horseback or wagon trail ride.

At [Canyon Creek Riding Stables](#), the entire family can enjoy a one-hour guided horseback ride through scenic trails to a deserted western town. The adventure winds through the beautiful Lost Canyon and features a tunnel, covered bridge, and breathtaking fountain. Head back to the stable and visit the farm animals at the on-site petting zoo.

[Red Ridge Ranch Riding Stable](#) offers trail rides for all skill levels in every season. A classic horseback ride traverses the 250 acres of woodlands and prairies along the Lemonweir River. Check out the fall colors on a horse-pulled wagon ride or zip along in the brisk winter air on a scenic sleigh ride through the snow.

Experience the longest and deepest land canyon in Wisconsin at [Lost Canyon Tours](#). The horse-drawn wagon ride is a true Wisconsin Dells classic attraction, pulling generations of families through the rocky gorge since 1956. Climb up onto the 15-person carriage and see the beauty of the region from a unique seat.

majestic in flight

From the smallest of fliers to the largest of birds, Wisconsin Dells is home to nature's winged creatures. At the new [Brilliant Butterflies](#), you can fully immerse yourself in the beauty of over 20 species in a live butterfly exhibit. Step inside the butterfly screen house and be surrounded by nearly 1,000 wispy fliers. Coax them onto a sugar stick and learn about their growth cycle from eggs, to chrysalids, to caterpillars, to brilliant butterflies. You may even be lucky and catch a metamorphosis in action.

At the [International Crane Foundation](#), some of the world's largest birds are celebrated. You can explore the beautiful grounds of the global headquarters and see all 15 crane species from across the globe. Learn about the foundation's work to boost populations of cranes, several that are endangered or vulnerable. Nature lovers will delight at the 300-acre preserve with its winding prairie trails allowing you to wander through the habitat for a closer look at the majestic cranes. ▶

Another option is *Back Road*, a semi-dry Merlot also made from local grapes aged in oak barrels. Curate a selection of wines to taste and enjoy the charm of this unassuming rustic spot.

Bask in the scenic views at **Sognefjord Winery** and honor the Norwegian heritage of its founders. For bold red wines, sample *Freya*, their Cabernet Sauvignon, or *Torvi*, a Marquette Reserve aged for five years. Try a flight of wines and light food pairings on the patio and savor the vistas of the rolling countryside. For year-round tasting, cozy up in a heated igloo, available for two-hour rentals, and sip away in your own secluded retreat. ▶

From easy to extreme, discover the great outdoors! If you want to get away from it all and just be in nature, or you are looking for a more robust outdoor adventure, we've got you covered. You can relax and wander, kick it up a notch with an outside activity, or go all-in with something extreme.

ease into the natural surroundings

Start your outside quest by simply putting one foot in front of the other. Getting out into nature and taking a hike is made easy with four state parks located in the region. The crown jewel is [Devil's Lake State Park](#), with its 30 miles of hiking trails that take you to the top of 500-ft. quartzite cliffs that overlook the beautiful lake below. Great hiking trails can also be found at [Rocky Arbor State Park](#) and [Mirror Lake State Park](#) and you can rent quiet, non-motorized watercraft such as paddleboards and kayaks at [Mirror Lake State Park: Boat & Kayak Rental](#). In the wintertime, strap on the skis for a serene glide through the cross-country trails at Devil's Lake or Mirror Lake state parks. ▶

Stay awhile in nature with a campout at one of the many family campgrounds located in the Wisconsin Dells area. Gather 'round the campfire and sleep under the stars to immerse yourself in the beautiful outdoors. *See our complete campground listings on page 138.*

Take a leisurely scenic tour of the beautiful Wisconsin River lined with towering sandstone cliffs and great views around every bend. **Dells Boat Tours®** has excursions spring through fall and offers a tranquil sunset dinner cruise during summer (**Dells Boat Tours® Sunset Dinner Cruise**). The Oaks is a four-star 18-hole championship course featuring challenging play on Christmas Mountain, with rugged bluffs and woodland terrain. Beginners will enjoy The Pines, a nine-hole course with rolling hills. Amenities include a pro shop, practice putting green, driving range, and GPS golf carts. Dining onsite includes a café and a bar & grill.

Cold Water Canyon Golf Course

Located at [Chula Vista Resort](#), Cold Water Canyon Golf Course is a historic Wisconsin gem, with its first nine holes constructed

in 1923. The original course is a traditional layout with narrow fairways lined by tall Norway white pines, a great option for beginners. With 18 holes in all, the newer back nine is a stunning course, built in the Scottish links-style layout. Its moguls and bunkers offer a challenging game for more seasoned players, but all skill levels are welcome. Amenities include a pro shop, GPS golf carts, driving range, beverage/snack cart service, and clubhouse restaurant. The resort also offers lodging packages and golf memberships.

Fairfield Hills Golf Course & Driving Range

This course was designed with versatility in mind, giving players an option to play a few rounds or make a day of it. Golfers can choose 3, 9, 12, or 18 holes, with three different tee box options at each hole. The goal is to provide a challenge to the recreational golfer and

spur more families and newcomers to try the sport. The course features the area's largest driving range and has HD Golf Simulators for year-round play. Additional amenities include a practice putting green and bunker, clubs and pull-cart rentals, golf carts, snack bar, and golf shop. They also offer lessons, season passes, and punch cards.

Trappers Turn Golf Club

One of the state's finest golf complexes featuring a 27-hole masterpiece course created by Wisconsin's own U.S. Open champion Andy North and renowned designer Roger Packard. The championship course features three unique nine-hole layouts set against stunning rolling countryside with lush woods and a spring-fed lake. Challenging for experienced golfers, yet playable for novices. Recent enhancements include the restoration of Canyon hole number seven, the course's signature hole, and a newly expanded short game practice area. You'll also find a 12-hole par-3 short course, driving range, practice green, and a one-acre putting course. Additional amenities include a pro shop, GPS golf carts, full-service restaurant, lodging packages, lessons, and memberships.

Wild Rock Golf Club at the Wilderness

This unique 18-hole championship course, designed by Hurdzan & Fry, was sculpted out of an old stone quarry, lending elements like rocky mounds and dramatic elevation changes to create its ruggedness. Each hole has five tee boxes to accommodate a range of skill levels. Beautiful views of the region are seen throughout the course, but none are as breathtaking as hole number six, where the vista stretches 30 miles to the Baraboo Bluffs. There is also a full practice area with a driving range, putting green, and chipping bunker. Amenities include a pro shop, GPS carts, mobile app, clubhouse restaurant, lodging packages, and season passes.

The Woods Short Course at Wild Rock

A great short course for families learning to play or those wanting a quick round of golf to work on their game. The nine-hole course is set along rolling hills with towering white pines lining the fairways. It also features a unique island green and has junior tees for new or less experienced players.
